ON THE ROAD AGAIN

Living, spontaneous and deeply human blues, performed by two brothers who have shared the stage for more than three decades.

1. PRESENTATION

BONNY B & ICE B deliver authentic, soulful and deeply human blues. Blending Chicago blues, gospel roots, roots blues and acoustic groove, the duo offers an intense, warm, spontaneous and engaging live experience.

“From the Khmer Rouge to B.B. King” – a life story carried by the blues, brotherhood, hope, peace and sharing.

2. BIOGRAPHY

Born in Cambodia in 1972, Bonny B fled the Khmer Rouge regime and arrived in Switzerland in 1979. He discovered the blues at a very young age and made it the language of his life.

A singer, harmonica player and percussionist, Bonny B has been performing for more than 35 years. A Hohner artist since 2000, he founded the Blue School in Givisiez and also passes on the blues through lessons, workshops and masterclasses. In March 2009, he set a Guinness World Record with a 24-hour non-stop harmonica solo.

He is joined by his brother Ice B, guitarist, with whom he has shared the stage for more than three decades. Their musical connection gives the duo exceptional freedom: improvisation, interaction with the audience and arrangements created in the moment.
